

5TH FORM PRACTICE TEST

UNIT 5

1- Read the following:

An incredible adventure

In November 2008, Jan and Dave Griffith were on a yachting trip with their dog, Sophie Tucker. They were off the coast of Queensland, Australia, when there was a big storm and Sophie Tucker fell off the yacht into the sea.

At first Jan and Dave hoped to find their dog. They looked for her for an hour, but the weather was very bad and they couldn't see her. Finally, they decided to continue their journey. They were very sad, because they thought their pet was dead.

But Sophie Tucker wasn't dead. She managed to swim to St Bees Island. This was incredible, because it was more than five miles to the island and there were lots of sharks in the sea! St Bees Island has rainforests and grasslands and not many people. When some local people saw Sophie Tucker, they thought she was a wild dog. She looked very thin and ill and she didn't want to take food from people.

But Sophie Tucker wanted to survive. She learnt to hunt koalas and baby goats on the island. Soon she was strong and healthy again. Jan and Dave heard about the dog on the island, but they didn't think the dog was Sophie Tucker.

Sophie Tucker lived on the island for four months. Then one day local people found some dead goats. They told the wildlife rangers to come to the island and they asked them to catch the dog. The people helped the rangers to find Sophie Tucker.

The rangers took the dog to mainland by boat. They invited Jan and Dave to come to the port to check. When Jan and Dave saw the dog in the boat, they couldn't believe it. It was Sophie Tucker! They called their dog and she ran to them. She was very excited to see Jan and Dave, and they were very happy to have their pet again. Sophie Tucker's incredible adventure was over!
